

Invitation to publish in a Special Issue for the **SOUTH AFRICAN JOURNAL OF BOTANY** An International Interdisciplinary Journal for Plant Sciences

SPECIAL ISSUE in 2016

Smoke Ecology and Applications of Plant-Derived Smoke

Guest Editors: Dr Mary Lata (USA), Dr Matthew Daws (Australia), Dr Marnie Light (South Africa)

Overview: The special issue will cover aspects related to the ecology of plant-derived smoke in natural ecosystems as well as research related to the use of 'smoke technology'.

Suggested topics: The special issue will include reviews or original research articles on a range of topics including:

- Seed germination studies with plant-derived smoke
- Ecological studies related to wildland fires and smoke
- The use of plant-derived smoke for agricultural/horticultural applications or restoration of natural vegetation

Procedure for submission: Submit manuscripts electronically by **29 February 2016** to the SAJB online submission website www.evise.com.

"Smoke Ecology" must be selected under "Article Type".

For queries contact mlata@fs.fed.us, matthew.daws@alcoa.com.au or lightm@ukzn.ac.za.

Deadline for revised manuscripts is **20 June 2016**.

Accepted manuscripts will be published online in September 2016.
